

CR-8500V

Coin Recycler

Asahiseiko

The CR-8500V vertical coin recycler is the newest addition to our vertical coin recycling series, offering bulk entry and full 8-coin capability, while featuring a compact footprint.

Designed for incorporation into an integrated/OEM solution, this unit is ideal for high volume kiosks and can be controlled either through USB or RS-232 interface.

Features

- **Bulk Coin Capacity: 30 coins bulk insertion (USD 0.25)**
- **Coin Accept Speed: 3 coin/second**
minimizes the need for cash replenishment
- **Recycled Denominations: Four (4) denominations**
- **Coin Output Speed: USD 0.99 (10 coins) within 4.5 seconds (average)**
